

BOND Civil & Utility Construction, Inc. utilizes ConstructSecure to provide prequalification and safety tracking services. All subcontractors that perform work on BOND Civil & Utility projects are required to enroll in the ConstructSecure program and to provide and update their prequalification data as necessary.

All existing ConstructSecure subcontractor members can easily join BOND Civil & Utility's prequalified list of subcontractors by:

1. Logging into your ConstructSecure account
2. Clicking the Company Information Tab
3. Checking the BOND box at the bottom of the page and clicking save

If your company is one of the few that does not have a ConstructSecure membership, please visit <http://www.constructsecure.com/Bond>

- The "New Enrollment" screen will be shown.
- Complete the information and a username and password will be generated.
- You will receive a welcome email with your user credentials.
- Please be sure to complete the required safety and financial information.

There is a fee associated with being a member of the ConstructSecure program. However, we are confident that you will find the value that ConstructSecure offers its subcontractor members far exceeds the membership costs. Information on the subcontractor benefits can be found at www.constructsecure.com

The enrollment fees are as follows:

- Subcontractors with annual revenues less than \$500,000 – No Charge
- Subcontractors with annual revenues between \$500,000 and \$1M - \$375 annual
- Subcontractors with revenues in excess of \$1M (single client) - \$750 annual
- Subcontractors with revenues in excess of \$1M (multi-client) - \$1,500 annual

To learn more about the program, ConstructSecure will be holding WebEx trainings throughout the month. You can register for training by contacting ConstructSecure directly.

If you need assistance with the enrollment process you can contact ConstructSecure at:
Support@constructsecure.com or 508-630-2220.

If you have additional questions, please contact **Karen Cirillo** at kcirillo@bond-civilutility.com or **617 387 3400**.

Thank you for your cooperation and for your prompt assistance for working with us and ConstructSecure to complete your prequalification information.
