

Bond Civil & Utility would like to consider your company for upcoming projects, this being one requirement. To proceed, you must become prequalified through Highwire.

Bond Civil & Utility has added Highwire’s assessment platform to our prequalification process to evaluate subcontractors’ performance history and current safety management systems.

Highwire’s Partner Elevation mindset ensures contracting partners deliver great work, on budget and on schedule, by collaborating with them to dynamically mitigate safety, financial, quality and sustainability risks throughout every project lifecycle.

[Click here](#) for instructions on how to enroll.

You will be asked to provide the following documents to Highwire:

- Company Safety Manual
- OSHA 300A Forms
- EMR Documents
- Other Financial Documents

For more information [click here](#).

There is a fee associated with being a member of Highwire. However, the value that is offered from the Partner Elevation mindset exceeds the membership costs. More information on subcontractors' benefits can be found [here](#).
